Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_001	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify whether user able to enter details into all input box fields	1 Enter the test data in each input field	Shiv kumar shiv@12gmail.com k12345@k12345l@	User should be able to enter data	User successfully login	PO	PASS	
		TC_ID_002	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify whether popup is shown when fields left empty and clicked on signup button	1 click on sing up button	NA	fill all the required field popup should be displayed	fill all the required field popup should be displayed	PO	PASS	
Ts_001	Validate the Register Account functionality	TC_ID_003	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify the User fill all the input field and name field left empty,then popup shown	1 Enter the test datta in each input field 2 Click on sing up button	kumar shiv@12gmail.com k12345l@k12345l@	Requie the first name Popup should be displayed	Requie the first name Popup should be displayed	PO	PASS	
		TC_ID_004	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify the user fill the number on the first name field.should popup shown	1 Enter the test datta in each input field 2 Click on sing up button	123456 kumar shiv@12gmail.com k12345l@k12345l@	user want to see the error but popup not show the error	User successfully Register login	P1	FAIL	
		TC_ID_005	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify the user fill the number on the Last name field should popup shown	1 Enter the test datta in each input field 2 Click on sing up button	shiv 12345686 shiv@12gmail.com k12345l@k12345l@	user want to see the error but popup not show the error	User successfully Register login	P1	FAIL	
		TC_ID_006	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify the user fill 50charcter length of the password then popup show	1 Enter the test datta in each input field 2 fill the passwoprd field 3 Click on sing up button	shiv kumrr shiv@12gmail.com k12345l@ @12333454r55ghjkkjinhuyjhxdikr tftjlvdjioebsdtpw0 k12345l@ @12333454r55ghjkkjinhuyjhxdikr tftjlvdjioebsdtpw0	User want to see the error and popup show the break max length	User successfully Register login	P2	FAIL	
		TC_ID_007	Open the browser and enter the url : https://magento.softwaretestingboard.com/customer/account/create/	Verify the user able to fill the mobile number	1 Enter the test datta in each input field 2 fill the mobile number 3 Click on sing up button	shiv kumar shiv@12gmail.com k12345l@k12345l@ 9876543210	User should be able to fill the mobile number	User should be not able to fill the mobile number because their is no mobile number field.that,s why user not able to fill the mobile	P2	PASS	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_008	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/login/	Verify whether application redirected to login page when clicked on login field	Click on the sing up button	NA	User should be nevagitave the login page	User shold be nevagitave the login page	P0	FAIL	
		TC_ID_009	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/login/	Verify whether user able to enter details into all input box fields.	1 Enter the test data in each input box field 2Click on the login button	shiv@12gmail.com k12345!@	User should be login successsfuly login	User should be login successsfuly login	P0	PASS	
TS_002	Validate the login functionality	TC_ID_010	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/login/	Verify whether user enter the invliad details into all input box fields	1 Enter the test data in each input box field 2Click on the login button	bghyjuk@gmail k12344567	User want see the error on the login page	Popup should be displayed the error	P0	PASS	
		TC_ID_011	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/login/	Verify whether user enter the wrong password input box fields	1 Enter the test data in each input box field 2Click on the login button	bghyjuk@gmail k1567\$%	User want see the error on the Password field	Popup should be not displayed the error	P0	FAIL	
		TC_ID_012	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/login/	Verify whether user after sing up .he want to go the home page	1 Enter the test data in each input box field 2Click on the login button 3 Click on the home page button	shiv@12gmail.com k12345!@	User should be nevagitave the home page	User not able to the nevagitave the home page	P1	FAIL	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
TS_003	Validate the Search functionality	TC_ID_013	Open the Browser and enter the uri: https://magento.softwaretestingboard.com/catalogsearch/result/	Verify whether user able to enter details in search box	1.Click on Search button 2.Enter text data	Pants	User should be able to enter data	User able to enter data	P0	PASS	
		TC_ID_014	Open the Browser and enter the uri: https://magento.softwaretestingboard.com/catalogsearch/result/	Verify whether user able to fetch search results using search field	1.Click on Search button 2 Enter the text data 3 Click on the search button or enter	Lotus	User should be able to fetch search results	User unable to fetch data	P0	FAIL	
		TC_ID_015	Open the Browser and enter the uri: https://magento.softwaretestingboard.com/catalogsearch/result/	Verify wether user able to see suggestion in the search box	1.Click on Search button 2 Enter the text data 3 Click on the search button or enter	Pants	User should be able to see the suggestion in search box	User able to see the suggestion but user not want see the quantity of the product	P1	FAIL	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_016	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user able to add items in to the cart	1 Select the men Hero Hoodie 2 click on addcart button	Hero Hoodie	User able to add the items to the cart	User unable to add the item to cart	PO	FAIL	
		TC_ID_017	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user slect the size after user able to add items to the cart	1 Select the men Hero Hoodie 3 slect the size 2 click on addcart button	Hero Hoodie	User able to add the items to the cart	User unable to add item popup show the error	PO	FAIL	
		TS_ID_018	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user slect the colour after user able to add items to the cart	1 Select the men Hero Hoodie 3 slect colour 2 click on addcart button	Hero Hoodie	User able to add the items to the cart	User unable to add item popup show the error	PO	FAIL	
TS_004	Validate the Addto cart Functionality	TS_ID_019	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user slect the colour and Size after user able to add items to the cart	1 Select the men Hero Hoodie 3 slect colour 2 click on addcart button 4Slect the size	Hero Hoodie	User able to add the items to the cart	User able to add the items to the cart	PO	PASS	
		TS_ID_020	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user able to see change price list	1 Select the men Hero Hoodie 2 click on addcart button	Clamber Watch	User able to see chaning price list	User able to see chaning price list	PO	PASS	
		TS_ID_021	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user able to remove the item of cart	1 Select the item 2 click remove the item	Clamber Watch	User able to see the remove the item	User able to see the remove the item	PO	PASS	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_022	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/	Verify wether user able to add item from wishlist	1 select clamber watch 2 Go to the wishlist click on add button	NA	User should be able to add item to the bag	User should be able to add item to the bag	P0	PASS	
TS_ID_005	Validate the wish list functionality	TC_ID_023	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/	Verify whether user able to remove wishlisted item from product page	1 Select clamber watch 2 Go to the product page 3 Go to the wish list 4 click on the remove button	NA	User should be able to see item "wishlisted" field changed to "wish list"	User unbale to select Wish list	P0	FAIL	
		TC_ID_024	Open the browser and enter the url: https://magento.softwaretestingboard.com/customer/account/	Verify wether the user able to remove the item form wish list	1 Select clamber watch 2 Go to the wish list 34 click on the remove button	NA	User should be able to remove the item from wishlist	User should be able to remove the item from wishlist	P0	PASS	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID025	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user able to use the navbar icon	1 Go to the navbar 2 Slect the icon 3 click on the icon	NA	User able to use the navbar icon	User able to use the navbar icon	PO	PASS	
		Tc_ID026	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user want to go the yoga page by yoga banar	1 Go on the home page 2 click on the yoga bananer	NA	User able to go the yoga page	User did not go to the yoga page	PO	FAIL	
		TC_ID027	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user want to go on this link:	1 Go on the home page 2 slect the link 3click on the link	NA	User able to go to the link	User did not go to the actual link but redirect different link	P1	FAIL	
TS_ID_006	Validate the home page functionality	TC_ID028	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user want to go on this link:	1 Go on the home page 2 slect the link 3click on the link	NA	User able to go to the link	User did not go to the actual link but redirect different link	P1	FAIL	
		TC_ID_029	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether user hot seller check the banner size of the home page banner	1 Go on the home page 2 slect the hot seller 3 check the mouse hover effect	NA	User check the size of mouse hover effect are equal and banners size	did,t match the mouse hover effect and banners	PO	FAIL	
		TC_ID_030	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether the diffrent colour of the each navbar icon	1 Go on the home page 2 see the navbar	NA	User able to see the diffrent colour of the navbar	User unable to see the diffrent colour of the navbar	PO	FAIL	
		TC_ID031	Open the browser and enter the url: https://magento.softwaretestingboard.com/	Verify wether the size of the search menu	1 Go on the home page 2 slect the search menu	NA	search bar size is good	search bar size didn,t good	PO	FAIL	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_032	Open the browser enter the url: https://magento.softwaretestingboard.com/women/tops-women.html	Verify wether the user set the price range	1 select the women 2 Go to the tops 3 click on the price range	NA	User able to set the price range	User able to set the price range	PO	PASS	
		TC_ID033	Open the browser enter the url: https://magento.softwaretestingboard.com/women/tops-women.html	Verify wether the user select the one colour of the jacket	1 select the women 2 Go to the tops 3 click on the price range 4Slect the jacket 5 Slect the clour green	NA	User able to see the set colour of the jacket	User unable the see the set colour	PO	FAIL	
		TC_ID_034	Open the browser enter the url: https://magento.softwaretestingboard.com/women/tops-women.html	Verify wether the user able to select the diffrent Size	1 select the women 2 Go to the tops 3 click on the price range 4Slect the jacket 5Slect the size of the jacket XL	NA	User able to find the size of the XL	User able to find the size of the XL	PO	PASS	
TS_ID_007	Check the product filter	TC_ID_035	Open the browser enter the url: https://magento.softwaretestingboard.com/women/tops-women.html	Verify wether the user rest the filter correct	1 select the women 2 Go to the tops 3 click on the price range 4Slect the jacket 5 rest the filter	NA	User able to reset correct	User able to reset correct	PO	PASS	

Test Scenario ID	Test Scenario	TC_ID	Prerequisites	Test Cases	Test Steps	Test Data	Expected Result	Actual Result	Priority	Result	Comments
		TC_ID_036	Open the browser enter the url: https://magento.softwaretestingboard.com/men.html	Verify wether the user able to check the more quintity color green Aether Gym Pant	1 GO to the Men product page 2 Slect the colour 3 select the quintity	Aether Gym Pant	User able to see the quintity of the product	User unable to see the quintity of the product	PO	FAIL	
		TC_ID_37	Open the browser enter the url: https://magento.softwaretestingboard.com/men.html	Verify wether user check the layout product page banner	1 Go to the Men product page 2 Check the Banners layout size	NA	Product banners layout are the same	Product banners layout did not same	PO	FAIL	
TS_ID_008	Validate the product page functionality	TC_ID_038	Open the browser enter the url: https://magento.softwaretestingboard.com/men.html	Verify wether the user able slect the color	1 Slect the Men product page 2 slect the yellow 3 click on the color	jacket	User able slect the color our choice	User seccusefully found the result	PO	FAIL
